Alrighty, in that case can you just ask for 2014 and 2013 Annual Reports so I can get an idea for their baseline trash reduction efforts? Thank you!!

Jillian,
I can certainly ask for these reports from MDE. However, I want you to be aware that the requirement for PG County to comply with the Anacostia TMDL WLA was only in this most recent MS4 permit, which became effective in 2014. So the previous reports that you are requesting will most likely not have any trash reduction data/numbers in them for permit compliance purposes.

Liz

Hey Liz,

Thanks for these links! I was able to find all the documents I needed except for Prince George's Annual Reports from FY2010 – FY2014. Do you think you could request those from MDE?

Thank you,

Jillian Adair

Jillian,

We have the DC reports, but it's probably easiest to access them here:

<https://doee.dc.gov/publication/ms4-discharge-monitoring-and-annual-reports>

For Montgomery County, scroll down this page toward the bottom.

<https://www.montgomerycountymd.gov/water/stormwater/ms4.html>

For Prince George's County, I didn't see one page where all of their ARs are kept, but the 2017 one is online here:

https://www.princegeorgescountymd.gov/DocumentCenter/View/21005/PG_CO_FY2017_NPDES_MS4?bidId=

We don't receive the County reports, since MDE is the permitting authority, but we can ask them for past reports if necessary.

Let me know what else you need!

Liz

Hi Liz,

How can I go about finding MS4 Annual reports for DC, Prince George's, and Montgomery Counties? Ideally, I'd like to review from 2010 – now. I'm trying to collect data and information for the trash TMDL.

Thank you,

Jillian Adair
